

ACT Heritage Council

ACT Heritage Register – Summary List

7 August 2007

The ACT Heritage Register

The Heritage Council is responsible for keeping a register of heritage places and objects in the ACT, including all registration details for each registered place or object. The Register only includes those places and objects that have been identified and registered up to the version date.

Registering a Place or Object

Anyone can nominate a place or object to the ACT Heritage Register that is considered to be significant. Nominated places and objects may receive provisional registration to provide immediate protection under the Act while a complete assessment for full registration is undertaken. Full heritage registration of a place or object provides protection under the Heritage Act, 2004 and is a trigger in the planning and development process. It also provides ready access to statements of heritage significance, and is supported by legally binding Heritage Guidelines, Heritage Directions, and Heritage Orders to protect heritage significance.

This document is a summary but individual registrations for a place or object on the ACT Heritage Register are available from ACT Heritage and will be available online.

Accessing the Register

The ACT Heritage Register is updated on a regular basis. It may be inspected at ACT Heritage at Level 2 Tower, Macarthur House, Wattle Street, Lyneham ACT.

[A hardcopy or extract of Register can be obtained but a fee may be charged]

The ACT Government expressly disclaim all and any persons whatsoever in respect of anything done or omitted to be done by any such person in reliance whether in whole or in part upon any of the contents of this list. Confirmation of details contained can be obtained directly from ACT Heritage, phone 6207 2164, fax 6207 5715, email heritage@act.gov.au.
